

As Founding Members of the International Seafood Sustainability Foundation, Thai Union/COSI strongly support all initiatives undertaken by ISSF. In compliance with ISSF Conservation Measure 2.4, Thai Union/COSI have committed to publicly report the amount of fish that we source from:

Fishery Source:

- MSC-certified
- FIP's (rating C or better)
- FIP's (rating D or E)
- None of the Above

Supplier Source:

- ISSF Participating Companies
- ISSF Data Check Companies
- Direct from Vessels
- None of the Above

Thai Union/COSI have made it a priority to reduce its purchase from the None of the Above category by directly engaging with our suppliers and boat owners, encouraging them to partner with us by joining this commitment to supply chain transparency. TU/COSI Implemented an internal program to review and monitor our progress and find innovative ways to increase our sourcing from vessels and companies meeting the above criteria

As of October 2019, Thai Union/COSI purchased tuna in the period Q42018 -Q32019 as indicated below:

FIP TUNA (C or better)	MSC TUNA	FIP TUNA (D or E)	NONE
