

THAI UNION GROUP / CHICKEN OF THE SEA INTERNATIONAL (COSI) OUR COMMITMENT TO ISSF

As Founding Members of the International Seafood Sustainability Foundation, Thai Union and Chicken of the Sea International strongly supports all initiatives undertaken by ISSF.

One of the critical initiatives of ISSF to promote responsible and sustainable tuna fisheries is to reduce the amount of Yellowfin tuna sourced from Indian Ocean to allow stock management measures implemented by the IOTC member countries to improve the health of the Yellowfin stock back to a good confidence level.

Thai Union/COSI commits to reduce the purchase of Indian Ocean Yellowfin tuna by at least 11% below the three year average volume purchased between 2017 to 2019. For the period of 2024, Thai Union/COSI was able to reduce the purchase by 42.33% which exceeded the 11% target reduction.
